

EMPLOYERS GUIDE TO RELOCATION

**Is your company moving?
Concerned about transportation?
Worried you will lose your skilled workers?**

Relocating a company is an exciting prospect for an employer, however, it can be traumatic for the employee. Commute patterns, child and elder care and other lifestyle factors are impacted. Valued employees may be lost. TransOptions works with each

company to help retain skilled personnel by providing successful commute transitions.

-
- Customized mapping showing major highways and public transit routes.
 - Customized surveys
 - Transportation information:
 - * Carpools
 - * Vanpools
 - * Public Transit
 - * Shuttles
 - * Telework Plans
 - * Subsidies
 - * Emergency Ride Home

It's not over after the move!

TransOptions will relieve you of the costly and time-consuming burdens of administering a transportation program. Management by us removes the human resource managers day-to-day involvement with employee commuting issues. The employees will have on-going access to our computerized database for carpool and vanpool information as well as public transit information and incentives. TransOptions handles *ALL* the details while your company enjoys the benefits.

The best part...It's FREE!
